DETAILED ACTION

Preliminary Amendment

1. A Preliminary Amendment was received on 30 March 2005.

Declaration

2. An executed combined Declaration and Power of Attorney was received on 16 August 2005.

Drawings

3. The drawings filed on 01 April 2004 are acceptable for examination.

Allowable Subject Matter

4. Claims 1 – 71 are allowed.
5. The following is an examiner's statement of reasons for allowance: the prior art does not teach using the measuring arrangement in which a second supply supplies a second liquid to the claimed location and the measurement is taken through the second liquid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Takahashi (US Pat. No. 5,610,683) and Suwa (US Pat. No. 5,825,043) disclose a lithographic apparatus having immersion exposure and a measuring, but not arranged as claimed. Nei et al. (US Pub. No. 2005/0219489) has an immersion exposure lithographic apparatus, but teaches that the measuring is not done through a liquid.
